

## Accessibility of Your Business Website

At *M-AD*, we place the utmost importance on providing equal service to all our customers, including users of our website. Therefore, we have invested significant efforts and resources to make our website accessible.

As part of these efforts, accessibility features have been implemented on the site, including:

- **Standards Compliance** – The website is adapted for viewing and supported by commonly used browsers.
- **Content** – Website content is written clearly and simply. It is organized into multiple content levels, each divided into specific topics.
- **Links** – Links are presented in a way that makes them easily identifiable.
- **Images** – Alternative (alt) text has been added to images.
- **Design** – Visual design elements are tailored for users with visual impairments.
- **Site Structure** – The structure is based on clear, convenient navigation, using list-based menus to enable easy and quick orientation.
- **Accessibility Menu** – An accessibility menu is installed on the site. Clicking it opens accessibility options.

### Accessibility Menu Options:

- Control the font size on the website
- Stop moving elements and block flashing animations
- Choose color contrast modes (dark/light background)
- Enable a color-blind friendly display
- Close the accessibility component

### Keyboard Navigation Instructions:

- **Zoom in/out:** Press "Ctrl" and "+" to zoom in, or "Ctrl" and "-" to zoom out. You can also change font size using the increase/decrease font buttons in the accessibility menu.

- **Keyboard browsing:** Users who have difficulty using a mouse can navigate the site using a keyboard. Press the Tab key to move between links on the page, and Enter to activate the selected link.
- 

## Accessibility Limitations

Despite our best efforts to make all pages on this site accessible, some parts may not yet be fully accessible (either because they originate from external sources or due to technical constraints). As part of our commitment to making our website accessible to all users, including people with disabilities, we continue working to maintain and improve accessibility to the fullest extent possible — with the goal of ensuring equal rights and opportunities for all visitors.

---

## Contact Us

If you encounter any accessibility-related issues despite our efforts, we welcome any feedback, ideas, or suggestions through the contact form on our site.

To help us address the issue effectively, please provide as many details as possible:

- A description of the problem you encountered
- What action were you trying to perform?
- Which page were you on?
- Which browser were you using?

We will address the issue and get back to you as soon as possible.

You can also reach us by phone at: **052-9261522**

Or by email at: **[info@m-admarketing.com](mailto:info@m-admarketing.com)**

We welcome all inquiries, suggestions, or requests for information that may help us improve our service.

## Accessibility Arrangements Information

*Your Business Name* places great importance on providing equal service to all customers, including those with disabilities. Our organization actively promotes accessibility and inclusion.

We view customers with disabilities as customers with equal rights, entitled to full access to the company's assets and services. If you have any questions or suggestions, we'd be happy to hear from you and assist.

**Accessibility Coordinator: Amir – 052-9261522**

Please note: We do not offer in-person reception. The office building is accessible and includes an elevator and designated parking for people with disabilities.

**Accessibility statement last updated: 01.01.2025**
